which is (are) covered by this declaration is (are) in accordance with the following standard(s) or other normative document(s)

EN 12182 "Technical aids for disabled persons"

General requirements and tests methods

where the following standards are used:

EN ISO 14971 "Medical devices"

Application of risk management to medical devices

This declaration corresponds with the demands in MDD 93/42-EEC-Class 1

All products are designed for disabled persons use in hospitals, nursing and private homes.

Purpose

The walking and standing aids are suitable only for an indoor use on flat and even surfaces (homecare and hospitals). They are increasing the mobility of persons with reduced walking and standing ability.

Date: 01th August, 2007

This declaration of conformity was drawn up automatically and is valid without signature. Please contact us if you need an original.

Reiner Bockstiegel
(management)

The declaration does lose its validity with abusive use and if the products mentioned above get changed without the permission of REBOTEC.
